June 2009 □ Issue # 24

President's Message

-- By John Bohn

I hope this season finds you enjoying summer travels in your Alfa. Belle and I are journeying through the south and east this summer. We plan to attend the September Lobster Fest Rally in Trenton, Maine, then watch the leaves turn before we head home to San Diego. You can visit our blog to follow our travels at:

<http://web.me.com/jfbohn1>

We began this trip by attending the Alfa National Rally in Bakersfield, CA. The organizers were kind enough to allow us to have a meeting there, which was well attended. The rally and meeting are reported elsewhere in the newsletter, and the minutes of the meeting are posted on our website as well.

At the meeting, new and renewing officers were elected, and our new newsletter editor was confirmed. Congratulations to Rhonda Dean, our new secretary, and Patty Rowe our new *SeeYa Connection* editor. I want to again sincerely thank Karen Hugo and Jim Huber for the fantastic contributions they made in these capacities over the many years they served! It was a pleasure working with them.

In an effort to encourage having more rallies in more places throughout the U.S., it was voted and approved that the AlfaSeeYas will pay for the park space fees for anyone acting as a wagonmaster for a rally. For rallies at larger parks this is sometimes provided by the park itself, but if not,

the rally wagonmasters may be compensated for the job they do! I hope this will encourage more people to volunteer, as we who have attended rallies know that they are truly the best part of being an AlfaSeeYa member. Remember, a rally can be put together for any reason, anywhere and at any time. They don't have to be coordinated with an FMCA event.

As we traveled to Florida from the west, Belle and I have stayed at two brand new parks that would be excellent for having a rally. One is in Amarillo, TX and the other is in Foley, AL. Being new parks they are very willing to promote more business by assisting with rally planning. The park in Alabama is very near Gulf Shores where the National Shrimp Festival is held each October. The weather there at that time is great, and most of the tourists have gone, so this would be a good time and place to have a rally.

Please see *President's Message* on page 2

President's Message continued from page 1

Check it out at: <http://www.nationalshrimpfestival.com/> The park's website is: <http://www.BellaTerraRVResort.com> If anyone is interested in organizing a rally here, please contact me. The folks at the park will do a lot of the legwork!

As we continue our travels this summer I will send out emails periodically to let everyone know where we will be. I am hoping we can meet up with some of you along the way.

For a once in a lifetime experience, don't forget about the Rose Parade Rally for this coming New Years celebration. We have arranged a special discount for AlfaSeeYas members for this six-day gala event. We know it is expensive, but it is truly unique, and something you've got to see at least once. All information about the rally is on our website. The full 6-day agenda is at:

<http://www.alfaseeyas.com/f/RoseParadeRallyAgenda.pdf>

The reservation form is at: <http://www.alfaseeyas.com/f/SeeYasReservationFormModified.pdf>

Don and Patty Rowe and Belle and I are going for sure. We hope to see you there.

Wishing you happy and safe travels,

John F. Bohn, President

Newsletter and Renewal Notification Changes

-- By Rhonda Dean, Secretary - rhondadean@gmail.com

We will be sending out the newsletter via e-mail beginning with this issue. Those folks who do not have e-mail will continue to receive a hard copy. The reason for this change is to save money for the Chapter on printing and postage.

The renewal notification will also be sent out via e-mail. Some of you may have already received a notice. The notices will go out about 45 days prior to your expiration date with instructions on where

to send dues renewal and a reminder that you must be current with FMCA dues to be in the AlfaSeeYas Chapter. If you do not have e-mail and continue to receive a hard copy of the newsletter your renewal date will still be on the label. It is now more important than ever for you to [keep us informed of e-mail address changes](#) so that you will receive the newsletters and renewal notices in a timely manner.

The Wheels of Life

Rallies

If you would like to suggest **a local rally**, please contact our President John Bohn. A group of AlfaSeeYas can get together very easily for a few days during the week, or over a weekend.

NEED HELP PLANNING A RALLY? John Bohn, our chapter president, has created several documents to help those interested in planning a pre, post or other rally for our members. You can contact John (see page 9) and ask for any or all of the documents. They include: *Rules of Thumb for Estimating Costs* and *Planning a Pre or Post Rally in Brief*.

Alfa Rallies

Please check the scheduled rallies and add some of them to your schedule. **NOTE: THERE ARE A LIMITED NUMBER OF SITES AVAILABLE AT MOST EVENTS.** You can insure a spot by reserving now. The cost of Alfa SeeYa rallies is for two adults in one Alfa motor home.

Sep 10 – 13, 2009 – AlfaSeeYas and Sunrisers **Central Illinois Rally**

Kentuckiana Kampground in Mackinaw, IL – *Rally information is available at <http://www.sunrisers.org>*
 » *Go to [Page 11 of this Newsletter for the Application Form](#)*

Sep 16 – 19, 2009 – Sunrisers/SeeYa **Lobster Fest**

Timberland Acres RV Park in Trenton, ME – *Rally information is available at <http://www.sunrisers.org>*
 » *Go to [Page 12 of this Newsletter for the Application Form](#)*

Dec 28, 2009 – Jan 2, 2010 – SOI/AlfaSeeYas **Rose Parade Rally**

Santa Anita Park, Arcadia, CA

» *Go to the [AlfaSeeYas website](#) and click “Rally Info” button for information about the Rose Parade Rally*
 » *Go to [Page 13 of this Newsletter for the Application Form](#)*

Jan 2 – 5, 2010 – AlfaSeeYas **Pre-Rally to FMCA Western Area Rally** in Indio CA

Emerald Desert RV Resort in Palm Desert, CA (*Application Form will be in next Newsletter*)

FMCA International Conventions and Area Rallies

For FMCA Rallies – Members should reserve General Parking for FMCA Rallies by calling FMCA reservations (1-800-543-3622) or using the FMCA web site <http://www.FMCA.com>.

Aug 12 to 15, 2009 – [Northeast Area Rally](#) « *Get info and Register Online*

Champlain Valley Exposition, Essex Junction, VT

Sep 23 to 26, 2009 – [South Central Area Rally](#) « *Get info and Register Online*

Heart of Oklahoma Expo Center, Shawnee, OK

Oct 13 to 17, 2009 – [Rocky Mountain Area Rally](#) « *Get info and Register Online*

San Juan County Fairground, McGee Park, Farmington, NM

FMCA Conventions and Rallies continued from page 3

Jan 6 to 10, 2010 – Western Area Rally
Riverside County Fair and National Date Festival, Indio, CA

Jan 20 to 24, 2010 – International Area Rally
Rose RV Park, Quartzsite, AZ

Feb 3 to 7, 2010 – Southeast Area Rally
Hernando County Airport, Brooksville, Florida

May 27 to 30, 2010 – Great Lakes Area Rally
Berrien County Youth Fair, Berrien Springs, MI

*Yesterday is history.
Tomorrow is a mystery.
Today is a gift -
That is why we call it
The Present.*

Other Rallies

Apr 14 to 21, 2010 – Alfa Annual Rally (Alfa Owners Club Chapters) – Tucson, AZ

Rally Report: Alfa National

The first “National” Rally, without sponsorship from Alfa Leisure, was held by the Alfa Owner’s Club (Chapters are Roadrunners, South Loafers, Mavericks, Alfa One, Sunseekers and Lone Stars), in Bakersfield CA in early May. 200 Alfa motorhomes and fifth-wheels attended. Hosted by the Mavericks Chapter, it was a fun-filled rally with plenty to do and lots of good food to eat, and of course, it’s always cool to see the “sea of white” created by so many Alfas in one place, and to visit with so many of our fellow Alfa owners.

While this was not an event of our FMCA Chapter, 40 of the coaches at Bakersfield were members of the *AlfaSeeYas*, and since that represented a quorum, a meeting of our Chapter was held. Important Chapter business was discussed at the meeting ... please [click here](#) to go to www.alfaseeyas.com to see minutes posted on our website.

New officers were elected by the AlfaSeeYas to take the places of those who are retiring: Rhonda Dean replaces Karen Hugo as Secretary; Tim Dean

replaces Tony Monson as National Director; Don Rowe replaces Tim Dean as Alternate National Director. Officers staying on the job for another term are John Bohn, President; Dave Kiesig, Vice President; and Belle Bohn, Treasurer. Patty Rowe is replacing Jim Huber as Newsletter Editor.

It was decided by the Alfa Owner’s Club membership to continue with “national” rallies, which will be called Annual Rallies in the future. The next is scheduled for April 14–21, 2010, in Tucson AZ, and will be hosted by the South Loafers Chapter. More detailed information will be included in a future *SeeYa Connection* newsletter, in case our members want to attend.

The Economy Is so bad...

I went to buy a toaster oven and they gave me a bank.

I got 3 pre-declined credit cards in the mail today.

Motel Six won't leave the light on, and the Mafia is laying off judges.

Coffee Filters ... Who Knew ???

And you can buy 1,000 at the Dollar Tree for almost nothing!

1. Cover bowls or dishes when cooking in the microwave. Coffee filters make excellent covers.
2. Clean windows and mirrors. Coffee filters are lint-free, so they'll leave windows sparkling.
3. Protect China. Separate your good dishes by putting a coffee filter between each dish.
4. Filter broken cork from wine. If you break the cork when opening a wine bottle, filter the wine through a coffee filter.
5. Protect a cast-iron skillet. Place a coffee filter in the skillet to absorb moisture and prevent rust.
6. Apply shoe polish. Ball up a lint-free coffee filter.
7. Recycle frying oil. After frying, strain oil through a sieve lined with a coffee filter.
8. Weigh chopped foods. Place chopped ingredients in a coffee filter on a kitchen scale.
9. Hold tacos. Coffee filters make convenient wrappers for messy foods.
10. Stop the soil from leaking out of a plant pot. Line a plant pot with a coffee filter to prevent the soil from going through the drainage holes.
11. Prevent a Popsicle from dripping. Poke one or two holes as needed in a coffee filter.
12. Do you think we used expensive strips to wax eyebrows? Use strips of coffee filters.
13. Put a few in a plate and put your fried bacon, French fries, chicken fingers, etc. on them. Soaks out all the grease.
14. Keep in the bathroom. They make great "razor nick fixers."

***OH YEAH ... THEY ARE GREAT TO USE
IN YOUR COFFEE MAKERS!***

Norcold Refrigerator Recall

There is an active recall on certain Norcold refrigerators, some of which may have been installed in Alfa coaches. If you have one of these, it presents a fire hazard if not corrected (*several coach fires, including at least one Alfa, are suspected to have been linked to the Norcold refrigerator*). Please take a few minutes to see if your unit is on the recall list. The following is information from the Norcold website:

1200LR, 1200LRIM and 1201LRIM Series Models

Norcold has voluntarily recalled 1200LR, 1200LRIM and 1201LRIM model gas/electric refrigerators built from 1996 through February of 2001. Affected models have a cooling unit **serial number (found on the solution chamber and viewed through the refrigerator vent door outside the RV) from 700000 – 1273700.**

Norcold Recall continued from page 5

The defect is a potential cooling unit leak caused during AC electric mode operation. If a leak occurs, the refrigerator's cooling performance will deteriorate and a yellow powder residue will be evident at the cooling unit's heating element. Because extended operation of a leaking cooling unit in the AC electric mode may result in a fire, immediate repair.

An affected refrigerator without a leak must still be serviced to have its cooling unit repaired to prevent any potential future problem.

Persons owning one of the affected models should:

- Turn Off the refrigerator. Do not use it until it has been repaired.
- Contact a Dealer/Service Center to arrange a service date as soon as possible. The cooling unit will be repaired at no charge for parts and labor.

***Note:** *On some units, the serial number (outside) is different than the one on the inside of the fridge!*

****Note:** *This will likely affect 2002 and 2003 Alfas, but everyone would be wise to check.*

*****Note:** *An owner of a 2002 model checked his serial number and it was not on the list. He called Norcold, and found it was part of the recall. So if you have an early model, and are not on the list, you may want to call anyway. **Norcold Customer Service is at 800-543-1219***

Here is the link to the Norcold website where you can find more information:

Featured Video:

How to Handle a Blowout on your Alfa

Please take ten minutes to watch this video, made by Michelin Tires, on YouTube. [Click here](#) ...

You'll learn how to act if you experience a tire blowout on your motorhome or tow vehicle.

Hitting the brakes is the worst thing you can do. Taking your foot off the accelerator is almost as dangerous.

In this well-produced video, you'll learn the right way to react to a tire blowout by using established principles proven over the years, enabling you to maintain control of your RV.

*Watching this video could save your life
or the life of someone you love!*

Watch it at [this link](#)

Birdwatching

One cannot give a large share of his life to this carefree hobby without soberly reflecting on the mechanics of the well-integrated world of nature. One inevitably becomes a fervent conservationist ... Such understanding comes slowly, but it does come if one inquires more deeply into the lives of birds and is not satisfied solely with being able to identify them.

Roger Tory Peterson

Jim Huber (our former Newsletter Editor) writes: *My wife, Kris, is an avid bird-watcher – others have called her the 'bird-lady' when they want someone to help identify a bird they've seen. I thought members might be interested in upcoming bird festivals in their area.*

(click the links for information on each festival).

Aug 05–09, 2009 – [Southwest Wings Birding & Nature Festival](#) – Sierra Vista, AZ

Aug 28–30, 2009 – [Henderson Hummingbird Hurrah](#) – Henderson, MN

Sept 17–20, 2009 – [Eastern Shore Birding and Wildlife Festival](#) – Cape Charles, VA

Heart Health Kit for Women

This must-have kit features information on major topics that are essential to keeping your heart healthy -- including high blood pressure, cholesterol, diabetes and stroke. It also includes tips for women on recognizing the warning signs of a heart attack, which can be different from those experienced by men.

In previous issues of SeeYa Connection, Jim Huber presented information to help us be prepared in case of heart attack or stroke. In the spirit of adding to what Jim began, I suggest that members take advantage of the new, free [Heart Health Kit](#) from the U.S. Food and Drug Administration's Office of Women's Health (OWH) and WomenHeart. In today's stressful environment, reliable health information is something we can never have too much of -- and in this case it is being offered absolutely free of charge.

[Click this link](#) (<http://www.pueblo.gsa.gov/rc/d94.htm>) to order yours online, or you can send your name and address to *Heart Health Kit, Pueblo, CO 81009*, or call toll-free (888) 878-3256 weekdays 8 a.m. to 8 p.m. Eastern time and ask for the kit. Quantities are limited, so if you're interested in this free offer, don't delay -- order today. And when you order your Heart Health Kit, don't forget your mothers, sisters, aunts and close friends, and order one for them, too.

New Members

A warm welcome to our 56 latest members ... that's right, an astonishing **56 coaches** have joined our Chapter in the Second Quarter of 2009! Many learned about us from an FMCA mailing to Alfa owners who were not members of our Chapter, more

joined us at the Bakersfield Rally, some came by way of friends who are members, and others just found us on their own! Whatever road you followed to get here, thanks for joining. We look forward to getting to know you at future SeeYas Rallies!

Retarded Grandparents

Contributed by John Bohn (this was actually reported by a teacher)

After Christmas, a teacher asked her young pupils how they spent their holiday away from school. One child wrote the following:

We always used to spend the holidays with Grandma and Grandpa. They used to live in a big brick house but Grandpa got retarded and they moved to Florida. Now they live in a tin box and have rocks painted green to look like grass.

They ride around on their bicycles and wear name tags because they don't know who they are anymore. They go to a building called a wreck center, but they must have got it fixed because it is all okay now, they do exercises there, but they don't do them very well.

There is a swimming pool too, but they all jump up and down in it with hats on.

At their gate, there is a doll house with a little old man sitting in it. He watches all day so nobody can escape. Sometimes they sneak out, and go cruising in their golf carts.

Nobody there cooks, they just eat out. And, they eat the same thing every night --- early birds.

Some of the people can't get out past the man in the doll house. The ones who do get out, bring food back to the wrecked center for pot luck.

My Grandma says that Grandpa worked all his life to earn his retardment and says I should work hard so I can be retarded someday too. When I earn my retardment, I want to be the man in the doll house. Then I will let people out, so they can visit their grandchildren.

... PRICELESS

Problem in 2007 and later Alfas

John Peters has reported the following problem that may affect others who own 2007 or later model Alfas, as they have different chassis instrumentation controls (Freightliner Chassis changed in 2007).

John's letter to Freightliner:

"It started with the RV in motion, and the normal output of the little computer chip in the dash stopped (no Odometer, Speedometer, Fuel gauge, output to the Jake Brake) and it started flashing and beeping at the usual rate of the beeper for the turn signals. The icons surrounding the console flashed as it beeped. It stopped and resumed working after a few hundred miles. Then after more miles driving, failed again. Something is intermittent but the failure is not 100% yet. But since it causes loss of the Jake brake and indications like fuel level and speed it needs to be found and fixed."

Freightliner's Response:

John, This new dash system has the pollak gauges. If you lift up the dash and look at the back of the lbcu (this is the lcd display looking at front) it has a small 4 pin connector at lower corner and 2 larger connectors 24 pin and 32 pin connector. If this does not have a good connection or loses ign voltage or battery voltage due to connection or spread terminal this may be the issue. I would unplug these 2 larger connections and look at terminals on connector side. Sometimes a connection may look good, but by unplugging and plugging back in, corrects the issue.
